NOTES

Use a non-stick pan for your gnocchi! Stir by shaking the frypan to brown gnocchi on all sides and only stir when needed to ensure you don't break up the gnocchi!

You can boil the gnocchi and cook the bacon separately. Toss together gently with roasted vegetables and pesto at step 4.

You can garnish the gnocchi with a fresh herb of choice, parmesan or chilli flakes.

No gluten option – gnocchi is replaced with gluten-free gnocchi.
