

Product Spotlight: Coconut Milk

Coconut milk comes from blending a coconut's meat with water. Lauric acid and capric acid in coconuts are very nourishing, antimicrobial (great for your immune system), anti-inflammatory and healing to the digestive system.

Spice it up!

To spice it up, serve this dish with a sprinkle of dried chilli flakes, ground chilli or slices of fresh green chilli! You can also add these or chilli paste into the curry, but remember that cooking chilli will only increase the heat!
