The whole coriander plant is edible with roots carrying the most flavour! Some people dislike it and think it has an unpleasant 'soapy' taste which is actually to do with genetics!

## NOTES

Deseed the chilli if you prefer less heat.

If you prefer to not crisp up the noodles you can boil them in water instead. To crisp the noodles, use a neutral flavoured oil. Pull the noodles apart in a large bowl and use scissors to cut them into smaller pieces.

### 1. PREPARE THE DRESSING

Zest and juice the lime. Combine with **1 tbsp sugar**, **2 tbsp soy sauce** and **1 tbsp sesame oil**. Set aside.

### 2. PREPARE THE SALAD

Pick the mint leaves and roughly chop coriander. Slice spring onion, chilli and capsicum (see notes). Toss together with mesclun leaves.

### 3. COOK THE NOODLES

Heat a small saucepan over medium-high heat with **1 cup oil** (see notes). Pull noodles apart into sections. Use tongs to add each noodle section to hot oil for 15 seconds on each side, or until puffed up. Remove to paper towel and repeat with remaining noodles. Set aside.

### 4. PREPARE THE TOFU

Cut tofu into cubes. Season with **salt and pepper** and dust with **1 tbsp flour**.

### 5. COOK THE TOFU

Heat a frypan over medium-high heat with **oil**. Cook tofu for 6-8 minutes turning.
